Title III

No. 17 BK 3283-LTS

(Jointly Administered)

**DECLARATION OF DMITRY KRIVIN, A PARTNER OF
MCKINSEY & COMPANY, INC. UNITED STATES, DISCLOSING
CONNECTIONS TO MATERIAL INTERESTED PARTIES IN CONNECTION
WITH THE PUERTO RICO RECOVERY ACCURACY IN DISCLOSURES ACT**

I, Dmitry Krivin, declare as follows:

1. I am employed as a partner at McKinsey & Company, Inc. United States (“McKinsey US”) with an office at 175 Greenwich Street, New York City, NY, 10007.

¹ The Debtors in these Title III Cases, along with each Debtor’s respective Title III case number and the last four (4) digits of each Debtor’s federal tax identification number, as applicable, are the (i) Commonwealth of Puerto Rico (Bankruptcy Case No. 17-BK-3283- LTS) (Last Four Digits of Federal Tax ID: 3481); (ii) Puerto Rico Sales Tax Financing Corporation (“COFINA”) (Bankruptcy Case No. 17-BK-3284-LTS) (Last Four Digits of Federal Tax ID: 8474); (iii) Puerto Rico Highways and Transportation Authority (“HTA”) (Bankruptcy Case No. 17-BK-3567-LTS) (Last Four Digits of Federal Tax ID: 3808); (iv) Employees Retirement System of the Government of the Commonwealth of Puerto Rico (“ERS”) (Bankruptcy Case No. 17-BK-3566-LTS) (Last Four Digits of Federal Tax ID: 9686); (v) Puerto Rico Electric Power Authority (“PREPA”) (Bankruptcy Case No. 17- BK-4780-LTS) (Last Four Digits of Federal Tax ID: 3747); and (vi) Puerto Rico Public Buildings Authority (“PBA”) (Bankruptcy Case No. 19-BK-5523-LTS) (Last Four Digits of Federal Tax ID: 3801) (Title III case numbers are listed as Bankruptcy Case numbers due to software limitations).

McKinsey & Company, Inc. (“McKinsey & Co.”) is the ultimate parent company of McKinsey US, McKinsey & Company Puerto Rico Consulting, Inc. (“McKinsey Puerto Rico”) and its consulting affiliates (collectively, “McKinsey”).² I am duly authorized to make this declaration (this “Declaration”) on behalf of the Proposed Professionals (as defined below) in connection with PRRADA (as defined below) and the Independent Contractor Services Agreement, effective as of July 1, 2021 (the “Current Contract”), between the Financial Oversight and Management Board for Puerto Rico (the “FOMB”) and McKinsey Puerto Rico in connection with work for the Debtors related to the proceedings under Title III of the *Puerto Rico Oversight, Management, and Economic Stability Act* (“PROMESA” and such proceedings, the “PROMESA Proceedings”).

2. I have been employed by McKinsey US since 2006, and I am a partner in the Risk practice. I serve clients on coordinating and executing supervisory remediation programs, setting up operational risk and compliance programs, and developing operational and risk processes to meet regulatory requirements and enforcement actions.

3. Except as otherwise noted, the statements set forth herein are based on knowledge I have from my employment position and diligence undertaken by me or professionals reporting to me and, if called and sworn as a witness, I would testify competently thereto.

Background

4. On January 20, 2022, President Biden signed into law the *Puerto Rico Recovery Accuracy in Disclosures Act* (“PRRADA”). PRRADA sets forth disclosure requirements for professional persons seeking compensation pursuant to section 316 and 317 of PROMESA after

² The term “McKinsey” includes any McKinsey entity that provides consulting (including bankruptcy advisory) services. The term “McKinsey” does not include investment affiliate MIO Partners, Inc. and its affiliated investment and advisory services related entities or their employees because they do not provide consulting and bankruptcy advisory services.

PRRADA's enactment. I am filing this Declaration to satisfy PRRADA's disclosure requirements, in accordance with implementing orders of the Court, because McKinsey Puerto Rico intends to seek such compensation.

5. On February 22, 2022, pursuant to PRRADA and Court order, the FOMB filed a proposed list of material interested parties for professionals to use in preparing PRRADA disclosures [Docket No. 20194, Ex. A].

6. On March 21, 2022, the Court entered the *Order Regarding Proposed List of Material Interested Parties Pursuant to the Puerto Rico Recovery Accuracy in Disclosure Act* [Docket No. 20419] (the "MIPL Order"), which, among other things, ordered the FOMB to submit an amended list of material interested parties.

7. On March 28, 2022, in accordance with the MIPL Order, the Debtors filed an amended list of material interested parties [Docket No. 20455, Ex. A].

8. On March 29, 2022, the Debtors filed a further amended list of material interested parties [Docket No. 20458, Ex. A] (the "MIPL"), a copy of which is attached hereto as **Schedule 1**.

9. On March 30, 2022, the Court entered the *Order Approving List of Material Interested Parties Pursuant to the Puerto Rico Recovery Accuracy in Disclosure Act* [Docket No. 20467], approving the MIPL.

10. I led a process similar to the one described below in connection with semiannual disclosures required of McKinsey Puerto Rico pursuant to the terms of (a) the Independent Contractor Services Agreements, effective as of July 1, 2019, between the FOMB and McKinsey Puerto Rico (the "2019-2020 Contract"); (b) the Independent Contractor Services Agreements, effective as of July 1, 2020, between the FOMB and McKinsey Puerto Rico (the "2020-2021

Contract”); and (c) the Current Contract (the Current Contract, the 2019-2020 Contract, and the 2020-2021 Contract are referred to collectively herein as the “Contracts”). The disclosures set forth in this Declaration include all disclosures made to the FOMB as a result of those processes, plus additional disclosures resulting from the process undertaken to comply with PRRADA as described below.

11. The Contracts required McKinsey to make certain conflict of interest certifications with respect to a list of interested parties attached to each Contract, which list was updated semiannually by the FOMB (the aggregated list of such interested parties is the “Contractual IPL”). Many of the parties listed on the MIPL were also included on the Contractual IPL. The list of parties on the MIPL, but not on the Contractual IPL, comprise the “Supplemental PRRADA IPL.”

12. Similarly, each set of McKinsey’s disclosures under the Contracts used a more current look-back period than the last set. The most recent look-back period McKinsey reviewed was November 27, 2016—the date when McKinsey consulting affiliates first entered into a services contract with the FOMB—through December 31, 2021 (the “Contractual Look-Back Period”). The Working Group (as defined below) preparing this Declaration also reviewed an additional period from January 1, 2022, through February 28, 2022 (the “Supplemental PRRADA Look-Back Period”). The combined period from November 27, 2016, through February 28, 2022, is the “Consolidated Look-Back Period.”

Engagement Team and Corporate Structure

13. As used in this Declaration, the term “Engagement Team” means the McKinsey consultants who comprise the working group that is directly providing services to the FOMB

under the Contracts.³ While the Contracts are between the FOMB and McKinsey Puerto Rico, as is customary, McKinsey Puerto Rico utilizes certain consultants employed by its consulting affiliates (in this case, the other Proposed Professionals) in providing consulting services to the FOMB.

14. My team and I determined which McKinsey employees would be part of the Engagement Team by asking McKinsey's finance department to identify all consulting personnel who charged time to the FOMB project number during the Consolidated Look-Back Period. The McKinsey entities that employ or employed the members of the Engagement Team, based on the finance department's responses, are McKinsey Puerto Rico; McKinsey & Company, Inc. do Brasil Consultoria Ltda USD ("McKinsey Brazil"); McKinsey & Company Canada/McKinsey & Compagnie Canada ("McKinsey Canada"); McKinsey & Company Colombia, Inc. ("McKinsey Colombia"); McKinsey & Company, Inc. France ("McKinsey France"); McKinsey & Company, Inc. Israel ("McKinsey Israel"); McKinsey & Company LME Limited ("McKinsey LME"); McKinsey & Company, Inc. Mexico, S.C. ("McKinsey Mexico"); McKinsey & Company, Inc. Panama ("McKinsey Panama"); McKinsey & Company, Inc. Peru ("McKinsey Peru"); McKinsey & Company Singapore, Pte Ltd ("McKinsey Singapore"); McKinsey & Company Support Services C.R. ("McKinsey SSCR"); McKinsey & Company, Inc. United Kingdom ("McKinsey UK"); McKinsey US; McKinsey & Company, Inc. Washington D.C. ("McKinsey DC"); the Germany office of McKinsey & Company, Inc. ("McKinsey Germany"); the India office of McKinsey & Company, Inc. ("McKinsey India"); McKinsey & Company, Inc.

³ Although the Protocol (as defined below) contemplates excluding personnel that only episodically provide such services, personnel serving the Debtors were not excluded from the definition of the Engagement Team on this basis. See Ex. A, Defined Terms (defining "Proposed Professional Personnel" as the "primary working group within a Proposed Professional entity that directly provides the services for which the Proposed Professional is retained in the particular bankruptcy case, and excludes personnel that only episodically provide such services").

(Malaysia) (“McKinsey Malaysia”); McKinsey & Company, Inc. Italy (“McKinsey Italy”); McKinsey & Company, Inc. Switzerland (“McKinsey Switzerland”); McKinsey & Company, Inc. The Netherlands (“McKinsey Netherlands”); McKinsey & Company, S.L. (“McKinsey SL”); McKinsey & Consulting Company Inc., Shanghai (“McKinsey Shanghai”); McKinsey Knowledge Center Poland sp. z o.o. (“McKinsey Poland”); McKinsey Knowledge Centre India Private Limited (“McKinsey Knowledge Centre”); McKinsey Global Services India Private Limited (“McKinsey Global Services”); and McKinsey Recovery and Transformation Services U.S., LLC (“RTS” and, collectively, the “Proposed Professionals”).

15. In connection with each prior set of disclosures made to the FOMB pursuant to the Contracts, using this same process, my team and I periodically had updated the list of consulting personnel comprising the “Engagement Team” to reflect the applicable look-back period covered by such disclosure. The Engagement Team for purposes of this Declaration was identified by combining the historical list of consulting personnel for the Contractual Look-Back Period with the list of consulting personnel identified for the Supplemental PRRADA Look-Back Period.⁴

16. As noted above, McKinsey & Co is the ultimate parent company of McKinsey Chile and its consulting affiliates. Other than McKinsey Brazil, the Proposed Professionals are all wholly-owned direct or indirect subsidiaries of McKinsey & Co. McKinsey Brazil is a majority-owned indirect subsidiary of McKinsey & Co., with the remaining minority ownership stake being owned by the equity holders of McKinsey & Co.

⁴ Although the Protocol (as defined below) contemplates excluding personnel that only episodically provide such services, personnel serving the FOMB were not excluded from the “Engagement Team” list.

Disclosure Regarding Connections of the Proposed Professionals

General

17. McKinsey maintains a global database of client engagements but does not currently have in place any computerized conflicts database akin to the types used by a legal or accounting firm. More specifically, McKinsey's client database stores information relating to clients and client engagements, but does not capture information about third parties because consultants, unlike lawyers, do not always have adverse parties in their engagements. In addition, McKinsey at times serves companies with competing and overlapping interests, and thus maintains processes designed to ensure that the confidential information of its clients is protected. To that end, McKinsey has in place information barriers that prohibit confidential information from being shared within the firm, except on a need-to-know basis.

18. I led a working group of McKinsey professionals (the "Working Group")⁵ who undertook a multi-stage analysis of McKinsey's client and other relationships with parties on the MIPL guided by a disclosure protocol ("Protocol") as initially filed in the bankruptcy case *In re Westmoreland Coal Company, Inc.*, Case No. 18-35672-DRJ (Bankr. S.D. Tex.), on May 31, 2019, supplemented by additional procedures and disclosures described herein, including as agreed in the *Order Approving Second Mediated Settlement Agreement Between the United States Trustee Program and McKinsey & Company, Inc. and its Affiliates* (the "UST Settlement"). The Protocol is attached to this Declaration as **Exhibit A**, and the UST Settlement is available at *In re Westmoreland Coal Company, Inc.*, Case No. 18-35672-DRJ (Bankr. S.D. Tex.), Docket No. 3203.

⁵ The Working Group that assisted with preparing the disclosures contained in this Declaration consisted of a core team of myself, Anubhav Jha, Pranav Vadrevu, Raisa Flor, and Ada Han.

19. While the disclosures made under the 2019-2020 Contract and the 2020-2021 Contract initially were focused on the McKinsey entities that employed the then-current members of the Engagement Team, McKinsey began systematically reviewing connections of all of its consulting affiliates in February 2021 with its first update to its disclosures made to the FOMB after approval of the UST Settlement.

Client Connections

20. The first step in the Working Group's process was to expand the MIPL to include all corporate affiliates that shared a common parent with each corporate party listed on the MIPL.⁶ My team and I already had expanded the Contractual IPL in connection with McKinsey's disclosures under the Contracts (such expanded list, the "Contractual Expanded IPL"). My team was able to extract the relevant corporate trees using information available on the S&P Capital IQ platform ("Capital IQ"), which is a widely used third-party platform that provides extensive capital structure and related information to facilitate the identification of such affiliates. Where the names of the entities on the Contractual IPL were incomplete or ambiguous, the scope of the Capital IQ searches was intentionally broad and inclusive. Affiliate relationships were deemed to exist where a parent company owned 20% or more of the equity of a subsidiary, analogous to the definition of a debtor affiliate in section 101(2) of the Bankruptcy Code. Where Capital IQ's data indicated a corporate parent or subsidiary relationship existed but did not provide information sufficient to determine whether the parent would constitute an affiliate based on this definition, the entity was assumed to fall within the definition and was included on the Contractual Expanded IPL out of an abundance of caution. In sum, the

⁶ The Protocol does not require such an expansion of the MIPL. The Proposed Professionals undertook this analysis out of an abundance of caution, in part to account for the lack of a computerized conflict-checking database.

Contractual Expanded IPL expanded the Contractual IPL from 15,807 unique parties to 149,034 unique parties.

21. After the MIPL was approved and the Working Group determined the Supplemental PRRADA IPL, the Working Group's next step was to expand the Supplemental PRRADA IPL in the same manner (such expanded list, the "Supplemental PRRADA Expanded IPL"). In sum, the Supplemental PRRADA Expanded IPL expanded the Supplemental PRRADA IPL from 1,952 unique parties to 47,660 unique parties. The Supplemental PRRADA Expanded IPL was combined with the Contractual Expanded IPL to create the "Expanded MIPL".⁷

22. The Working Group then compiled a list of each client engagement of each of McKinsey's consulting affiliates open during the Consolidated Look-Back Period. McKinsey's finance department already had identified each such client engagement during the Contractual Look-Back Period in connection with McKinsey's disclosures under the Contracts (the list of client names for such engagements, the "Contractual Client List"). McKinsey's finance department then identified each client engagement of each of McKinsey's consulting affiliates open during the Supplemental PRRADA Look-Back Period. The list of client names for these engagements that were not on the Contractual Client List formed the "Supplemental PRRADA Client List". The Supplemental PRRADA Client List was combined with the Contractual Client List to create the "Consolidated Client List".

23. The Working Group already had checked the names on the Contractual Client List against the Contractual Expanded IPL in connection with McKinsey's disclosures under the

⁷ Because of the voluminous nature of the Contractual Expanded IPL, Supplemental PRRADA Expanded IPL and the Expanded MIPL, they are not attached to this Declaration. Copies are available upon request to McKinsey's counsel.

Contracts. To prepare this Declaration, the Working Group also checked the names (i) on the Consolidated Client List against the Supplemental PRRADA Expanded IPL and (ii) on the Supplemental PRRADA Client List against the Contractual Expanded IPL. The scope of these checks was intentionally broad and inclusive. The matches previously disclosed pursuant to the Contracts and those resulting from these additional checks are set forth on **Schedule 2**. To the best of my knowledge, based on the results of the Surveys (as defined below), subject to the disclosures set forth herein, the connections set forth on **Schedule 2** (a) do not constitute interests adverse to the Debtors and (b) involve matters unrelated to the PROMESA Proceedings.

Vendor Connections and Banking Relationships

24. The Working Group already had compared McKinsey's records of ordinary-course vendor and banking relationships during the Contractual Look-Back Period applicable for each set of prior disclosures under the Contracts against the Contractual Expanded IPL in connection with McKinsey's disclosures under the Contracts. To prepare this Declaration, the Working Group also compared McKinsey's records of ordinary-course vendor and banking relationships (i) during the Consolidated Look-Back Period against the Supplemental PRRADA Expanded IPL and (ii) during the Supplemental PRRADA Look-Back Period against the Expanded MIPL. The scope of these checks was intentionally broad and inclusive. The matches previously disclosed pursuant to the Contracts and those resulting from these additional checks are set forth on **Schedule 2**. To the best of my knowledge, as ordinary-course vendor and banking relationships, none of these relationships constitute interests adverse to the Debtors.

Questionnaires

25. In addition to the connection checking process described above, several different sets of surveys were prepared and distributed by the Working Group in connection with

McKinsey's disclosures under the Contracts and as part of preparing this Declaration (collectively, the "Surveys").

26. Specifically in connection with preparation of this Declaration, first, an email survey including substantively identical questions and information as Protocol Exhibit B was sent to all professional personnel (as distinguished from staff, support, or administrative personnel) of McKinsey's consulting affiliates worldwide, inquiring if any such person (i) held debt or other claims against Puerto Rico (other than investments, including through mutual funds and other investment vehicles, that are managed by third parties with delegated investment authority and discretion) at any time after 90 days prior to the date that McKinsey Puerto Rico first entered into a services contract with the FOMB in 2016; (ii) had previously been employed by Puerto Rico, or (iii) had any connections to any of the judges, mediators, or employees of the office of the United States Trustee, in each case working on the PROMESA Proceedings. The results of this survey, and of similar surveys distributed in connection with McKinsey's disclosures under the Contracts, are reflected in the disclosures set forth herein.

27. Second, an email survey was sent to each director of client services ("DCS") for each of the engagements for a client on the Supplemental PRRADA Client List that matches an entity on the Expanded MIPL and any new engagements during the Supplemental PRRADA Look-Back Period of previously disclosed client matches. The DCS for an engagement is the leader of the client services team and the lead client contact. This survey requested that each DCS indicate, to the best of his or her knowledge, whether the work for his or her client, in any engagement for the client known to the DCS, was in any way related to Puerto Rico. If the answer was yes, the DCS was asked to provide additional information concerning the relationship with Puerto Rico for further review by McKinsey and its counsel. The results of this

survey, and of similar surveys distributed to the DCS in connection with McKinsey's disclosures under the Contracts, are reflected in the disclosures set forth herein.

28. Third, an email survey was sent to each member of the Engagement Team still employed by McKinsey including a link to the MIPL and asking whether such member (i) had personal connections with parties on the MIPL, i.e., connections other than professional client relationships already being reviewed as part of the client checking process described above, including direct equity holdings in such parties, at any time after 90 days prior to the date that the Proposed Professionals first entered into a services contract with the FOMB in 2016, (ii) knew of any person or entity not included on the MIPL that, to such member's knowledge, should have been included because such party was an interested party in the PROMESA Proceedings (for example, because it is or was a creditor of, or has or had some other business connection to, Puerto Rico, Puerto Rico's assets, or the work being performed by the Consolidated Engagement Team), (iii) had ever discussed any aspect of MIO Partners Inc. ("MIO"), including its investment or operations, with anyone who, during the Consolidated Look-Back Period, was a member of the MIO board of directors, or (iv) was related to or had a relationship with any such MIO director other than arising out of having McKinsey as a common employer. The results of this survey, and of similar surveys distributed in connection with McKinsey's disclosures under the Contracts, are reflected in the disclosures set forth herein.

MIO Disclosures

29. MIO is a wholly owned indirect subsidiary of McKinsey & Co. and is registered with the U.S. Securities and Exchange Commission (the "SEC") as an investment adviser.⁸ The FOMB is not seeking to engage MIO, nor has it engaged MIO in the past. MIO does not provide

⁸ The only common parent company of McKinsey, on the one hand, and MIO, on the other, is McKinsey & Co.

any client consulting services. Rather, it manages assets for (i) pension plans sponsored by McKinsey & Co. (“Pension Plans”) in which roughly 30,000 current and former McKinsey employees participate (“Pension Participants”), and (ii) privately offered investment vehicles (“MIO Funds”) in which McKinsey partners, former partners, and their immediate family members can invest. Substantially all the assets under management at MIO are owned for the benefit (direct or indirect) of current and former McKinsey employees and their immediate family members.

30. By design, MIO is operated separately from McKinsey’s consulting services, including for the purpose of ensuring McKinsey’s unbiased service to its consulting clients. The staff of MIO is dedicated exclusively to MIO. No MIO investment professional, meaning the members of MIO’s investment management team who are responsible for all investment decisions made by MIO, is engaged in McKinsey client service activities or is an employee of any McKinsey affiliate that provides client consulting services.⁹ Except to the extent described below in paragraph 33 and 34 regarding MIO board members, during the Consolidated Look-Back Period McKinsey consulting professionals and staff had no control over the investments made by the Pension Plans or the MIO Funds, no ability to direct purchases or sales of any asset in the Pension Plans or the MIO Funds, and no access to non-public information about any underlying investment in the fund of funds structure. McKinsey does not earn money from the operations of MIO; to the contrary, McKinsey subsidizes MIO’s operations.

⁹ The term “investment professional” excludes MIO’s Client Services and Advisory Personnel. These personnel are wealth management professionals who provide wealth management advice and services to McKinsey partners, operate independently from MIO’s investment professional team, do not have access to non-public information regarding the identities of third-party managers or security-level investments made by third-party managers or MIO directly, and are not incentivized to recommend MIO-managed or -sponsored investment products.

31. Pursuant to McKinsey data protection protocols, client information obtained in the course of serving clients is maintained on systems that MIO employees lack the credentials to access. Similarly, MIO maintains information (electronic documents and files) related to its past and existing investments on servers that are controlled by MIO, and only New York-based MIO employees have access to the information contained on these servers. There are also physical barriers to ensure no confidential information or resources are shared, including separate MIO and McKinsey office spaces.

32. The operational separation between MIO and McKinsey is designed to restrict the flow of information between MIO staff and McKinsey consultants and ensure that information regarding MIO investments will not influence McKinsey's client engagements and that information from McKinsey's client engagements will not influence MIO's investment decisions. MIO and McKinsey maintain policies and procedures to ensure separation. MIO staff and McKinsey consultants must regularly certify compliance with these policies and procedures. These MIO and McKinsey policies and procedures are designed to ensure that (i) MIO's investment decisions described above do not violate the laws prohibiting trading on the basis of material non-public information, and (ii) McKinsey has no participation in, control of, or knowledge concerning investment decisions made by MIO.

33. Until October 2021, MIO's board of directors included both current and former McKinsey partners and independent directors who were not current or former McKinsey partners. As of the date hereof, MIO's board of directors is comprised entirely of retired McKinsey partners and independent members who are not current or former McKinsey

partners.¹⁰ While members of the MIO board of directors have oversight responsibilities with respect to MIO's management of the assets of the Pension Plans and the MIO Funds, to the best of my knowledge, based on the Surveys, no member of the Engagement Team served on that board, or discussed any aspect of MIO, including its investment or operations, with anyone who, during the Consolidated Look-Back Period, was a member of the MIO board of directors.

34. The MIO board has delegated responsibility for making investment decisions on behalf of the Pension Plans and the MIO Funds to MIO's professional staff. This professional staff is principally responsible for selecting and overseeing third-party managers who make specific instrument-level investment decisions based on their own discretion.¹¹ MIO contracts with third-party managers to invest approximately 90% of its assets under management.¹² Any information that MIO receives from third-party managers regarding their investments is subject to the strict information barriers that are the subject of formal compliance training and monitoring as described above. For approximately 10% of MIO's assets under management, MIO professional staff makes instrument-level investment decisions on behalf of the Pension Plans and the MIO Funds in investment vehicles operated by MIO. As a matter of MIO policy, however, primarily to avoid any appearance of conflicts of interest with McKinsey's consulting businesses, MIO is prohibited from directly investing in the debt or equity of single-named issuers or governmental issuers, except securities issued by sovereign governments. For clarity, "sovereign governments" does not include Puerto Rico. This policy prohibiting direct

¹⁰ MIO's CEO, Basil Williams, also serves on the MIO Board. Mr. Williams has never been a McKinsey partner.

¹¹ Notwithstanding the disclosures made herein, the Proposed Professionals reserve their rights to rely upon information barriers to maintain the confidentiality of all MIO investment information.

¹² The number of third-party fund managers MIO invests with varies over time, but is typically over 100. MIO currently invests MIO's assets under management with approximately 170 third-party managers.

investments in the debt or equity of single-named issuers or governmental issuers has been in effect since at least 2012, and was updated as discussed in paragraph 38 below.

35. MIO qualifies as a “Type 2 AMA” under the Protocol,¹³ because it (i) employs robust information barriers; (ii) is registered with the SEC and is subject to its regulatory oversight; (iii) obtains most or all of its assets under management from related investors and not from third parties; (iv) does not make direct investments in the debt or equity of individual corporate or governmental issuers, except securities issued by sovereign governments; and (v) had at least one active McKinsey employee on its board of directors during the Consolidated Look-Back Period. *See* Ex. A § 5.

36. Consistent with the Protocol, counsel for McKinsey sent the MIPL and the Expanded MIPL to counsel for MIO to facilitate MIO’s search for connections. MIO then compared such lists to a list, compiled to the best of its knowledge, of its third-party investment managers, direct investments, financial counterparties, and service providers (such as vendors) for the Consolidated Look-Back Period. MIO then delivered the results of this comparison to counsel for McKinsey, and the resulting matches are set forth on **Schedule 3** attached hereto.¹⁴

¹³ Under the Protocol, a Type 2 AMA is an “affiliate or division of a Proposed Professional that is actively engaged in managing or owning financial investments” that: (i) employs information barriers; (ii) is subject to both (a) registration (and attendant regulation) as an investment advisor by the SEC, as a securities broker/dealer by FINRA, or under the requirements of the CFTC, and (b) periodic regulatory examinations by the SEC, FINRA, or the NFA; (iii) obtains most or all of its assets under management from a proposed professional’s current and former ultimate beneficial owners, employees and their immediate family members, and not from third parties; (iv) does not make direct investments in named issuers (i.e., issuers of debt or equity securities, including parties that could become a debtor in a bankruptcy case), but only, if at all, holds investments in named issuers as investments that are managed by third parties with delegated investment authority and discretion; and (v) does not have independent personnel and management (as described in the Protocol).

¹⁴ The “Connection Type” column in Schedule 3 identifies each MIO connection as a Third-Party Manager/Managed Fund, Direct Investment, Counterparty, or Vendor. Third-Party Manager/Managed Funds are third-party managers with which MIO has contracted, or third-party funds managed by a third-party manager. Direct Investments reflect security-level investments made by MIO’s professional investment staff pursuant to the MIO Direct Trading Policy, including debt or equity indices and exchange-traded funds, bonds issued by sovereigns, municipalities, or government agencies, credit default swaps on financial counterparties of MIO-managed funds, the sale of in-kind distributions of securities received from third-party funds, or the sale of securities in liquidated

Based on the results provided by MIO, to the best of my knowledge, subject to the disclosures set forth herein, none of these relationships result in McKinsey holding an interest adverse to the Debtors.

37. For the sake of completeness, I note that **Schedule 3** attached hereto discloses an investment-related connection to the Puerto Rico Sales Tax Financing Corporation. My understanding is that this connection relates to an investment in certain COFINA bonds, which was described on page 72 of the *Final Investigative Report of the Special Counsel to the Financial Oversight and Management Board for Puerto Rico* [Docket No. 5154] (the “Special Counsel Report”):

MIO also held a direct investment in COFINA bonds through a Non-Investable Compass Fund. In 2014, MIO purchased \$58,345,000 par value of COFINA bonds at a steep discount. MIO disposed of \$8,345,000 par value in three transactions in the first quarter of 2017, and disposed of the remaining \$50,000,000 par value in two transactions in April 2018. The Non-Investable Compass Fund realized a total profit of approximately \$765,000 on this investment. MIO made the decision to dispose of the investment independently and without information received from the consulting side of McKinsey. This investment was not disclosed in any public filings and no one working on McKinsey’s Puerto Rico service team would have been able to learn of this investment at any time prior to the filing of this Report. MIO has represented to LS&E that it does not currently have any other Direct Investments in Puerto Rico public debt.

The Special Counsel Report indicates that such investment was disposed of by MIO in the first quarter of 2017 and April 2018, and MIO’s counsel has further confirmed that MIO had no direct investments in any Puerto Rico public debt instruments after April 2018, but the bonds are listed in Schedule 3 because Schedule 3 contains all connections from the entire Consolidated Look-Back Period. I also note that Schedule 3 attached hereto discloses a connection to three MIO-

separately-managed accounts. MIO-Managed Funds are MIO-controlled investment vehicles that hold assets for the Pension Plans and MIO Funds. Counterparties are financial counterparties of MIO-managed funds. Vendors are service providers retained by MIO.

managed funds (Compass CSS High Yield LLC, Compass ESMA LP, and Compass TSMA LP). My understanding is that these connections related to proofs of claim filed by third-party managers retained by MIO on behalf of separately managed accounts in MIO-managed funds that held positions in Puerto Rico public debt, which was described on pages 67-69 of the Special Counsel Report.¹⁵

38. Although MIO policy previously permitted direct investments in the debt of municipal issuers (such as Puerto Rico), a provision of the MIO Direct Trading Policy that was adopted on March 13, 2019, which remains in effect, no longer permits MIO to invest directly in debt issued by municipalities. Since that time, MIO has been and remains prohibited from directly investing in the debt or equity of single-named issuers or governmental issuers, except securities issued by sovereign governments. As noted above, “sovereign governments” does not include Puerto Rico.

For Proposed Professionals with a large number of professionals, this Protocol recommends deployment of adequate software within a reasonable time. Pending such deployment, a Proposed Professional may retain an

¹⁵ Specifically, the Special Counsel Report at page 68 indicates: “As discussed more fully in Section X.A.2 above, investments through Separately Managed Accounts, while made in the name of and nominally owned by an MIO-controlled Compass fund, are made by Third-Party Managers – in this case, ASA and Aristeia. Each of ASA and Aristeia was delegated authority to invest and reinvest in the name of the particular fund in accordance with investment guidelines attached to their agreements with MIO and the fund. MIO exercises no discretion over these investments; they are managed by ASA and Aristeia, respectively. MIO’s investments through these Third-Party Managers pre-dated McKinsey USG’s retention by the Oversight Board.”

independent third party to assess the adequacy of the alternative procedures the Proposed Professional uses to identify and appropriately disclose Connections.

Ex. A § 7(b).

40. In accordance with this guidance, because, as noted above, McKinsey does not maintain a computerized conflicts database, McKinsey retained BDO USA, LLP (“BDO”) to assess the adequacy of the connections-checking procedures used by my team and I to identify and disclose connections under the 2019-2020 Contract. Upon completion of its assessment of those procedures, BDO determined that the procedures performed by the original Working Group “were reasonable, adequate and consistent with the general guidelines and recommendations in the Protocol.” As described above, the procedures used by the Working Group to identify and disclose connections in this Declaration are consistent with, or enhanced versions of, those original procedures. BDO is currently assessing the adequacy of the procedures used by the Working Group to identify and disclose connections to parties listed on the Expanded MIPL. To the extent BDO’s assessment identifies any additional connections for disclosure, McKinsey will supplement this Declaration.

41. McKinsey’s consulting affiliates provide services to an array of clients in restructuring and turnaround engagements. They also serve clients across a broad range of industries, functions and geographies, and, within industries, serve competitors, in each case in a manner and through use of means, including information barriers between client service teams that are described more fully below, that protect the confidentiality of each client’s information (including the confidentiality of the engagement itself, unless otherwise public). As a result, McKinsey may have served or have been served by, and may in the future serve or may be served by, certain parties listed on the MIPL in matters unrelated to the PROMESA

Proceedings—though such clients may have assets or operations in Puerto Rico—either individually or as part of an engagement for an ad hoc group or official committee of creditors or interest holders. To the best of my knowledge, (i) all such relationships during the Consolidated Look-Back Period are described in this Declaration or listed on **Schedule 2** attached hereto, and (ii) based on the results of the Surveys, subject to the disclosures set forth herein, (a) none of these relationships constitute interests adverse to the Debtors and (b) all of these relationships involved consulting matters unrelated to the PROMESA Proceedings.

42. Pursuant to the McKinsey Firmwide Information Sharing Policy, confidential information acquired or developed in connection with a client engagement may only be shared within the firm on a need-to-know basis. In particular, any information developed from nonpublic client sources, whether written or not, is confidential to that client, including information from third-party sources that is available to the client service team only through access provided by the client. Such confidential client information may not be shared outside of the client service team. McKinsey employees are subject to annual compliance training and certification on this and other policies.

43. McKinsey also uses password-protected “virtual team rooms”—secure electronic workspaces accessible only by members of the client service team—to store work product and confidential client information. Moreover, at the time they begin their employment, McKinsey employees are required to sign nondisclosure agreements that prohibit disclosure of confidential client information, even to other employees of the firm. Employees are required to report potential or actual violations of McKinsey’s policies.

44. Other than as disclosed below, and other than the FOMB, no client connection listed on **Schedule 2** attached hereto accounted for more than 1.00% of the gross revenue of

McKinsey or any Proposed Professional during the period from March 1, 2021 through February 28, 2022 (the “Revenue Period”). To the best of my knowledge, based on the results of the Surveys, none of the services provided to any of these clients is or was related to the PROMESA Proceedings.

71. Certain professionals employed by McKinsey may have mortgages, consumer loans, investments, brokerage accounts, or other banking, brokerage, or customer relationships with parties on the MIPL or Expanded MIPL or with funds sponsored by or affiliated with such parties. Subject to the disclosures set forth herein, the results of the Surveys establish that no such professional holds an interest adverse to the Debtors. As described above, certain professionals employed by McKinsey may also invest in certain pre-tax (Pension Plan) or after-tax funds, with assets managed by MIO. The third-party managers under contract with MIO to invest those assets, including those disclosed in **Schedule 3** attached hereto, may maintain investment funds that invest in Puerto Rico's debt or that of other interested parties.

72. As previously disclosed to the FOMB, one or more McKinsey consulting affiliates have invested funds with MIO solely for the purpose of satisfying obligations to guarantee benefits to Pension Participants in defined-benefit pension plans in Germany and Japan. McKinsey & Co., as plan sponsor, maintains investments in certain MIO funds in order to backstop the defined benefit obligations of McKinsey Germany to participants in the German Pension Promise, all of whom are former or current employees of McKinsey Germany.¹⁸ Similarly, McKinsey International Inc., a wholly owned direct subsidiary of McKinsey & Co., as plan sponsor, maintains investments in certain MIO funds on behalf of current employees of its Portugal branch office as part of a defined contribution plan.

73. As previously disclosed to the FOMB, certain McKinsey consulting affiliates, from time to time, have received non-cash compensation (such as equity securities or equity-like interests in a client) pursuant to alternative fee arrangements or other similar engagements. To the best of my knowledge, McKinsey has no such relationship with any entity on the MIPL, but I nonetheless note that McKinsey has such relationships with the following entities on the Expanded MIPL: Alto Solutions, Inc.,¹⁹ Element AI Inc., Eigen Technologies Limited, Eightfold AI Inc., Fair Financial Corp., Hi.Q, Inc., Infotel Communications,²⁰ OnMobile Global,²¹ and Zymergen, Inc.

74. As previously disclosed to the FOMB, in the ordinary course of business, McKinsey is at times engaged to serve as a subcontractor on a larger service contract for a client.

¹⁸ Those obligations include funding shortfalls in the defined benefit for certain pensioners when they retire and remain until all employees who participate in those plans retire.

¹⁹ McKinsey's connection is to Alto Experience Inc., which may be affiliated with Alto Solutions, Inc.

²⁰ McKinsey's connection is to (Infotel) Informacion Y Telecomunicaciones, S.A., which may be affiliated with Infotel Communications.

²¹ McKinsey's connection is to OnMobile Systems, Inc., which may be affiliated with OnMobile Global.

For completeness, to the best of my knowledge, (i) the ultimate end clients for services during the Consolidated Look-Back Period are set forth on Schedule 2 attached hereto and (ii) the prime contractor (or its equivalent) for which McKinsey was engaged during the Consolidated Look-Back Period is identified here: ATLAS, Bank of China Hong Kong, Butler Snow LLP, Daimler, Deloitte, Faurecia, First Data, Grant Thornton, Grant Thornton LLC, HRI, Infosys, Maaden Aluminum Company, Microsoft, MITRE, Nalco, Qatar National Bank, St. Jude, Tetra Tech, Trilogy, Trusted, Trusted Technologies, United Healthcare Services, Inc. and Volvo Car.

75. Based on the results of the Surveys, and as previously disclosed to the FOMB, three McKinsey consulting professionals currently hold interests in debt securities issued by Puerto Rico or one of its instrumentalities listed on the MIPL. None of the three professionals is on the Engagement Team, and therefore all of them are subject to the information barriers and other protections safeguarding the Proposed Professionals' non-public information about the FOMB. Pursuant to McKinsey's personal trading policy (the "Personal Trading Policy"), employees are, absent an approved exception, strictly prohibited from buying or selling securities of any McKinsey client. This prohibition includes securities issued by a state, local, or municipal governmental entity of the United States or its territories where McKinsey serves the issuing entity. Employees are permitted to own securities of a McKinsey client if the securities were acquired prior to the employee joining McKinsey or prior to the period during which the issuer was a McKinsey client. The results of the Surveys, and subsequent follow up, indicated compliance with the Personal Trading Policy and that, subject to the disclosures set forth herein, no such professional holds a material interest adverse to the Debtors.²²

²² Consistent with Protocol Exhibit B, the surveys did not seek responses regarding ownership or beneficial interests in such securities constituting investments (including through mutual funds and other investment vehicles) that are managed by third parties with delegated investment authority and discretion.

76. Based on the results of the Surveys, and as previously disclosed to the FOMB, it was determined that one McKinsey consulting professional previously held, by virtue of an inheritance from a family member, interests in debt securities issued by Puerto Rico or one of its instrumentalities listed on the MIPL. This employee is not on the Engagement Team, and therefore has been and remains subject to the information barriers and other protections safeguarding the Proposed Professionals' non-public information about the FOMB. The individual sold the securities in order to liquidate the inheritance, without an exception approved by McKinsey Legal and in violation of McKinsey's Personal Trading Policy. Upon discovering the employee's trading activities, McKinsey Legal initiated an investigation and remedial action was taken. In connection with that investigation, the employee certified that he never held material non-public information regarding the securities in question and that he never has been part of the Engagement Team.

77. Based on the results of the Surveys, and as previously disclosed to the FOMB, it was determined that one McKinsey consulting professional owns shares in Assured Guaranty, a bond insurer, which has exposure to Puerto Rico. The value of these shares is currently estimated to be under \$10,000. This employee is not on the Engagement Team, and therefore has been and remains subject to the information barriers and other protections safeguarding the Proposed Professionals' non-public information about the FOMB. This employee has recently reconfirmed that he will abide by McKinsey's Personal Trading Policy with respect to these shares.

78. McKinsey employees may have been formerly employed by, or otherwise affiliated with, parties that may be listed on the MIPL or Expanded MIPL or other financial or professional services firms that serve or served such parties. Similarly, former McKinsey

employees may have been or may be currently employed by, or otherwise affiliated with, parties that may be listed on the MIPL or Expanded MIPL or other financial or professional services firms that serve or served such parties.

79. As previously disclosed to the FOMB, in 2014, McKinsey founded Generation, a nonprofit entity that has and may continue to operate in Puerto Rico, among other locations. Generation provides opportunities for unemployed or underemployed people to prepare for and launch sustainable careers. Generation offered programs in 28 professions across 14 countries, making it the largest global organization by annual volume that trains and places learners in jobs. Generation had graduated over 40,000 participants. Generation services have been and may in the future be provided by employees of the Proposed Professionals.

80. Out of an abundance of caution, and in accordance with the Protocol, I note the following connections to the parties listed on the Expanded MIPL that were disclosed in the Survey results or otherwise are known to me. - j. Stuart Skeates, a member of the Consolidated Engagement Team, has a sister-in-law employed by Alvarez & Marsal in the United Kingdom. To his knowledge, his sister-in-law has not worked and is not working on matters related to the PROMESA Proceedings.
- k. Charlotte Clinger, a former member of the Engagement Team, was previously an intern in the securities division of Goldman Sachs. She is no longer an employee of McKinsey.
- l. Ojas Shah, a member of the Engagement Team, has a social relationship with a managing director at Ankura Consulting Group. In addition, he has a brother who is a Partner at AlixPartners, LLP. To his knowledge, his

brother has not worked and is not working on matters related to the PROMESA Proceedings.

- m. Akshay Gupta, a member of the Engagement Team, has a mother employed by JP Morgan Chase. To his knowledge, his mother has not worked and is not working on matters related to the PROMESA Proceedings.
- n. Neha Sahgal, a member of the Engagement Team, has a cousin who was previously employed by Deloitte. To his knowledge, his cousin has not worked and is not working on matters related to the PROMESA Proceedings.
- o. Bob Morse, a director of Rock Solid, is a former McKinsey client.
- p. Jeremiah Connolly, a McKinsey employee not on the Engagement Team, is the husband of an attorney at Cleary Gottlieb Steen & Hamilton LLP who represented PREPA in hearings before Judge Besosa.
- q. Lauren Kaley, a McKinsey employee not on the Engagement Team, was previously employed by IBM, where she worked on an engagement in Puerto Rico for LUMA.
- r. Maxwell Tobin, a McKinsey employee not on the Engagement Team, was previously employed by Perella Weinberg Partners, LP, where he was on a team providing services to the Puerto Rico Ad Hoc Group of Constitutional Debtholders.

- s. Zachary Silverman, a McKinsey employee not on the Engagement Team, was previously employed by AlixPartners, LLP, where he was on a team providing services to PREPA.
- t. Prajwal Rastogi, a McKinsey employee not on the Engagement Team, was previously employed by Deloitte, where he was on a team providing services to the Commonwealth of Puerto Rico on matters unrelated to the PROMESA Proceedings.
- u. Stuart Hazlett, a senior advisor to McKinsey, provided hurricane support to Puerto Rico or one of its instrumentalities while serving in the U.S. armed forces.

81. I am not related or connected to and, to the best of my knowledge based on the Surveys, no other professional of McKinsey is related or connected to, any judges, mediators, or employees of the office of the United States Trustee, in each case working on the PROMESA Proceedings, except in each case as described in this paragraph. Out of an abundance of caution, and in accordance with the Protocol, I note that, based on the results of the Surveys or as otherwise known to me, (i) Anne Marie Hawley, a McKinsey employee not on the Engagement Team, had Judge Ambro of the U.S. Court of Appeals for the Third Circuit as a college professor, and they remain social acquaintances, (ii) Matt Donovan, a McKinsey employee not on the Engagement Team, is the husband of a former law clerk to Judge Howard of the U.S. Court of Appeals for the First Circuit, and (iii) several McKinsey personnel may have met or worked with employees in the Office of the U.S. Trustee in the limited contexts of McKinsey's roles in other bankruptcy cases or may have otherwise met or appeared before certain bankruptcy judges in connection with such bankruptcy cases.

82. Accordingly, except as otherwise set forth herein, insofar as I have been able to determine after reasonable inquiry, neither the Proposed Professionals, nor their consulting affiliates, nor any member of the Engagement Team holds or represents any interest adverse to the Debtors or their estates, and the Proposed Professionals constitute “disinterested persons” as that term is defined in section 101(14) of the Bankruptcy Code, as modified by Bankruptcy Code section 1107(b), in that each of the Proposed Professionals and each member of the Engagement Team:

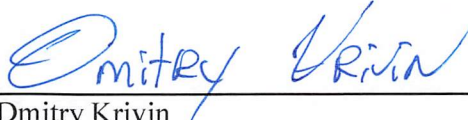

- a. is not a creditor, equity security holder, or insider of the Debtors;
- b. was not, within two years before the date of filing of the Debtors’ petitions, a director, officer, or employee of the Debtors; and
- c. does not have an interest materially adverse to the interest of the Debtors’ estates or any class of creditors or equity security holders, by reason of any direct or indirect relationship to, connection with, or interest in, the Debtors, or for any other reason.

83. The Proposed Professionals will endeavor to supplement this Declaration in the event they become aware of any relationship or other information that requires disclosure.

Disclosure Protocol

HOUSTON DISCLOSURE PROTOCOL

Summary

The following Houston Disclosure Protocol addresses the complex legal and business issues surrounding the disclosure obligations arising from a Proposed Professional's retention under Section 327¹ in bankruptcy cases involving more than \$50 million in claims. The Protocol addresses Proposed Professionals of varying types, including law, accounting, financial advisory, and investment banking firms, that seek compensation from a bankrupt estate. A Schedule of Defined Terms immediately follows this Summary, and capitalized terms used in this Summary and in the Protocol have the meanings ascribed to them there. This Summary outlines the Protocol's disclosure recommendations and the means or process to satisfy them.

The Protocol focuses on a Proposed Professional's disclosure regarding Connections to parties that could affect the Proposed Professional's "disinterestedness" and contemplates that the debtor will create and maintain an Interested Party List to facilitate identification of Connections (Exhibit "A" to the Protocol addresses the IPL). The Protocol recommends that a Proposed Professional obtain the data to support disclosure of Connections by procedures that include, as applicable, a computerized search of client databases, distribution of a questionnaire (a proposed form of which is provided in Exhibit "B" to the Protocol), and inquiry of the Proposed Professional's AMAs (if any), as discussed below. While recognizing that a Proposed Professional bears the burden of adequate disclosure in its retention application and an Estate Professional bears that burden in all appropriate supplemental disclosures, the Protocol provides that disclosure of Connections should be based on a Proposed Professional's actual knowledge of them, including from the results of a computer search and questionnaire process, as applicable.

The Protocol distinguishes Connections arising from the different kinds of the Proposed Professional's affiliates, including: (a) Retained Affiliates, which the Protocol classifies as generating Direct Connections of the Proposed Professional, and (b) Unretained Affiliates (including AMAs), which the Protocol classifies as generating Indirect Connections. As set forth in the Protocol, the disclosure of known Connections and the process to obtain knowledge of them should vary in accordance with the characteristics of each Proposed Professional and its AMAs and other Unretained Affiliates.

The Protocol classifies AMAs into 4 Types and recommends a process to obtain and disclose information regarding Connections that varies based on the extent to which the AMA: (i) is subject to Securities Registration, Regulatory Oversight, and/or Independent Personnel and Management; (ii) refrains from investing directly in Named Issuers; and (iii) accepts investment funds from third parties rather than Related Investors. The Protocol recommends that: (a) Proposed Professionals that qualify as Type 1 Financial Organizations or have Type 1 AMAs disclose only Direct Connections known to the Proposed Professional without review of the IPL by an AMA; (b) Proposed Professionals with Type 2, 3 or 4 AMAs should also disclose Direct Connections known to the Proposed Professional; (c) Proposed Professionals with Type 2 AMAs should also disclose the names of IPL Parties with Indirect Connections known to the Type 2 AMA as reported by the Type 2 AMA to the Proposed Professional; (d) Proposed Professionals

¹ This Protocol does not address retention applications filed by claims and noticing agents under 28 U.S.C. § 156.

with Types 3 and /or 4 AMAs should disclose Indirect Connections known to the AMA(s) and reported to the Proposed Professional, including direct investments in Named Issuers that are IPL Parties, and (e) Proposed Professionals with Type 4 AMAs should make such additional disclosures, if any, as may be appropriate in the circumstances.

The Protocol recognizes that disclosure of Connections may vary in response to, *inter alia*, the size of the bankruptcy case and should exclude *de minimis* matters. The *de minimis* concept is applicable to both the IPL and the disclosure of Connections in a Proposed Professional's retention application. *De minimis* exclusions can be based, for example, on the small value of a claim, the small ownership percentage and value of an equity interest, or other, similar considerations. An IPL, and a Proposed Professional's disclosure of Connections in its retention application, should state the criteria applied in making *de minimis* exclusions.

DEFINED TERMS

AMA means an affiliate or division of a Proposed Professional that is actively engaged in managing or owning financial investments. For clarity, AMA does not refer either to assets that might be held through investment vehicles or to such investment vehicles, e.g., mutual funds, but does refer to the entity managing such investment vehicles, i.e., a mutual fund manager.

CFTC means the Commodities Futures Trading Commission.

Connection means, in the context of Section 327 and Rule 2014, an association or relationship with an IPL Party that a reasonable person might find bears on whether the Proposed Professional “holds or represents an interest adverse to the estate” and is “disinterested” under Section 327 and Section 101(14), based on the facts of a particular bankruptcy case.

De minimis means a matter too distant in time, remote in probability, or insignificant to warrant consideration in the context of a particular bankruptcy case.

Direct Connection means a known Connection between a Proposed Professional and an IPL Party (other than an Indirect Connection).

Estate Professional means a Proposed Professional whose retention has been approved by the Bankruptcy Court.

FINRA means the Financial Industry Regulatory Authority.

Immediate Indirect Connection means a known Connection between an IPL Party and a Proposed Professional’s Unretained Affiliate (including an AMA).

Independent Personnel and Management means, with respect to an AMA of a Proposed Professional, the employment or engagement of management, professional and other personnel separate from those of such Proposed Professional, (e.g., excluding the Proposed Professional’s active employees from the AMA’s management, so that only independent directors/managers or professionals that are not active employees of (or that have retired from) the related Proposed Professional serve on the AMA’s board of directors (or other equivalent governing body)).

Indirect Connection means an Immediate Indirect Connection or a Remote Indirect Connection.

Information Barriers means policies and procedures of a referenced entity (including but not limited to policies and procedures adopted in compliance with Rule 10b5-1) that seek reasonably to ensure that (a) such entity’s investment decisions not violate the laws prohibiting trading on the basis of MNPI, and (b) Proposed Professional Personnel have no participation in or knowledge concerning investment decisions made by the Proposed Professional or its affiliates.

Interested Party List or **IPL** means a list of parties with Connections to the debtor’s estate (other than *de minimis* connections).

IPL Parties means the persons or parties listed on an IPL.

MNPI means material non-public information.

Named Issuers means an issuer of debt or equity securities (including a municipality), including parties that could become a debtor in a bankruptcy case.

NFA means the National Futures Association.

Other Regulatory Oversight means examination by any federal, state or foreign regulatory authority regarding compliance with regulatory requirements, other than Regulatory Oversight.

Proposed Professional means a professional person or entity proposed to be retained in connection with a pending bankruptcy case under Section 327. As used in this Protocol, the term “Proposed Professional” includes Retained Affiliates.

Proposed Professional Personnel means the primary working group within a Proposed Professional entity that directly provides the services for which the Proposed Professional is retained in the particular bankruptcy case, and excludes personnel that only episodically provide such services.

Regulatory Oversight means periodic regulatory examinations by the SEC, FINRA, or the NFA.

Related Investors means, with respect to a Proposed Professional, the Proposed Professional’s current and former ultimate beneficial owners, employees and their immediate family members.

Remote Indirect Connection means a known Connection arising from a relationship between a Proposed Professional’s Unretained Affiliate (including an AMA) and a third party, which third party, in turn, has a Connection with an IPL Party.

Retained Affiliates means those affiliates of a Proposed Professional that employ professional personnel for whom the Proposed Professional will seek compensation pursuant to Section 330 of the Bankruptcy Code.

Rule 10b5-1 means 17 C.F.R. 240.10b-5.

Rule 2014 means Federal Rule of Bankruptcy Procedure 2014.

SEC means the United States Securities and Exchange Commission.

Section 101(14) means 11 U.S.C. § 101(14).

Section 327 means 11 U.S.C. § 327.

Securities Registration means, with respect to a referenced entity, such entity’s registration (and attendant regulation) as an investment advisor by the SEC, as a securities broker/dealer by FINRA, or under the requirements of the CFTC.

Survey means the Summary of Industry Affiliate Investment Disclosures. *In re: Westmoreland Coal Co.*, Case No. 18-35672 (Bankr. S.D. Tex.), ECF No. 1659-1 pp. 2-66.

Third-Party Managed Investments means investments (including through mutual funds and other investment vehicles) that are managed by third parties with delegated investment authority and discretion.

Type means one of the four (4) types of AMAs that are classified in this Protocol.

Type 1 AMA means an AMA that either:

- A. (i) employs Information Barriers, (ii) is subject to both Securities Registration and Regulatory Oversight, and (iii) obtains most or all of its assets under management from third parties (i.e., parties other than Related Investors); or
- B. qualifies under the criteria provided in subsections (A)(i) and (ii), above, but obtains most or all of its assets under management from Related Investors and not from third parties, and also insulates its personnel and management by means of Independent Personnel and Management.

Type 2 AMA means an AMA that: (i) qualifies under the criteria provided in subsections (A)(i) and (ii) in the definition of Type 1 AMA, above; (ii) obtains most or all of its assets under management from Related Investors and not from third parties; (iii) does not make direct investments in Named Issuers but only, if at all, holds investments in Named Issuers as Third-Party Managed Investments; and (iv) does not have Independent Personnel and Management.

Type 3 AMA means an AMA that: (i) employs Information Barriers; (ii) is subject to either: (A) Regulatory Oversight, or (B) Other Regulatory Oversight; (iii) obtains its assets under management from Related Investors or third parties; and (iv) may make direct investments in the debt or equity of Named Issuers, whether or not it also holds such investments as a result of Third-Party Managed Investments.

Type 4 AMA means an AMA not qualifying as a Type 1, Type 2 or Type 3 AMA.

Type 1 Financial Organization means a Proposed Professional, including an investment banking or similar institution (including a financial advisor affiliated with an investment bank), that has Information Barriers and other characteristics of and would therefore qualify as a Type 1 AMA. A Type 1 Financial Organization retains its classification as such even if it does not have assets under management. A Type 1 Financial Organization also retains its classification as such notwithstanding that it may include affiliates of other Types (e.g., Type 3 AMAs engaged in insurance activities, and Type 4 AMAs acting in various capacities in ownership and/or management of investment assets).

Unretained Affiliate means an affiliate of a Proposed Professional other than a Retained Affiliate.

Introduction

Rule 2014 requires disclosure of connections between a Proposed Professional and certain parties in interest in bankruptcy cases. None of Rule 2014, Section 327, or the decisional law construing any of them provides Proposed Professionals (and Estate Professionals) and in particular, those having an AMA, any clear guidance regarding adequate disclosure of their AMA's connections with parties in interest in a bankruptcy case. This Protocol: (a) suggests definitions for a Connection requiring disclosure and categorizes such Connections; (b) classifies AMAs within four Types; (c) differentiates the disclosure of Connections recommended for the four Types of AMAs; (d) discusses knowledge of Connections and the means to obtain it; and (e) addresses confidentiality concerns and requirements for updating disclosure of Connections.

This Protocol does not endeavor to and could not effectively provide definitive guidance to all Proposed Professionals in all circumstances. Proposed Professionals range from sole practitioners or single office practices to complex international firms with thousands of professionals and multiple AMAs of various Types. Proposed Professionals may similarly be subject to a wide range of regulation, including self-regulatory rules and standards governing legal and accounting professionals, and Securities Registration and/or Regulatory Oversight to which financial advisory and investment banking firms may be subject. Proposed Professionals also are subject to a broad range of consequences for violation of the respective rules, regulations and laws that govern them, including license suspension or loss, enforcement under Securities Registration and/or Regulatory Oversight, and potential civil and criminal liabilities for misuse of MNPI. This Protocol therefore provides general guidance regarding how Proposed Professionals may obtain information and make proper disclosures to support their retention in U.S. bankruptcy cases that are within the scope of this Protocol, but this Protocol does not provide specific guidance for all Proposed Professionals, regardless of their type, size and structure, or in all bankruptcy cases, regardless of their size, scope, or operative facts. This Protocol recognizes that a Proposed Professional may deviate from its suggested data gathering procedures and disclosure recommendations based upon its particular facts and circumstances. No such deviation, *per se*, however, should support a contention that a Proposed Professional is not disinterested or that its retention should not be approved.

A Proposed Professional bears the burden of making appropriate disclosure of Connections in its initial retention application and an Estate Professional bears a continuing burden to supplement that disclosure as appropriate in the circumstances. This Protocol proposes a framework for disclosure of Connections by Proposed Professionals, Estate Professionals, and their affiliates in bankruptcy cases involving more than \$50 million in liabilities.

Connection should be broadly defined to respect the term's ordinary meaning and accomplish the important purposes of Rule 2014 and Section 327 to ensure that a Proposed Professional is a "disinterested person" as defined in Section 101(14). Section 327's primary functions include: (a) allowing the estate to obtain and retain expertise to fulfill its essential functions; (b) requiring disclosure of matters that might affect Estate Professionals' performance of their duty of loyalty; and (c) maintaining the integrity of the bankruptcy process and promoting the parties' and the public's confidence in that integrity. Section 327 requires that Proposed Professionals "not hold or represent an interest adverse to the estate" and are "disinterested persons." Section 101(14)(c) requires that a disinterested person "not have an

interest materially adverse to the interest of the estate or of any class of creditors or equity security holders, by reason of any direct or indirect relationship to, connection with, or interest in the debtor, or for any other reason.” Rule 2014 disclosure is intended to provide the Bankruptcy Court and parties in interest in a bankruptcy case with information adequate to evaluate whether a Proposed Professional is a disinterested person and qualified to serve under Section 327.

The definition of Connection and Rule 2014’s related disclosure obligations should not impair an effective evaluation of disinterestedness by requiring disclosure of every possible connection, no matter how *de minimis*. Further, Rule 2014 disclosure should not impractically require disclosure of unknown information or ignore valid confidentiality concerns.

The formulation of this Protocol has been informed by the Survey. The Survey reflects that, in the absence of any definition of Connection and disclosure guidelines, Proposed Professionals have adopted widely disparate practices governing disclosure of Connections, even among similarly situated Proposed Professionals. This Protocol was further informed by the results of telephonic interviews conducted with representatives of more than a dozen separate professional firms with significant Chapter 11 experience, who expressed their willingness to discuss (for themselves and not as an expression of their firm’s policies or procedures), in a candid, off-the-record context and not for attribution in the Protocol, disclosure issues arising from the retention application process. This Protocol provides guidance to Proposed Professionals regarding such disclosures.

1. Description of Connections

a. **Requirement of Disclosure.** Rule 2014 requires disclosure of the Connections of the “person to be employed,” and Section 101(14) refers to “direct or indirect relationships,” but neither Rule 2014 nor related decisional law addresses whether Indirect Connections (i.e., Connections created by affiliates of a Proposed Professional) must be disclosed.

b. **Interested Parties and Interested Party List.** In order to facilitate a Proposed Professional’s disclosure of Connections, the debtor, in consultation with its outside restructuring counsel, should prepare and make an Interested Party List (or IPL) available to all Proposed Professionals. If a Proposed Professional believes that the then-current IPL should be amended, such Proposed Professional should so advise the debtor’s counsel. If no IPL has been prepared when a Proposed Professional files its retention application, the retention application should disclose that fact and explain how the Proposed Professional identified Connections. Exhibit “A” to this Protocol includes an IPL template, as well as guidelines for a debtor’s consideration in preparing an IPL in light of the particular facts and circumstances of a bankruptcy case.

c. **Retained Affiliates.** A Proposed Professional should: (i) seek retention (and include the identity) of Retained Affiliates in its retention application; and (ii) ensure that its retention application discloses all known Connections (other than *de minimis* connections) among IPL Parties and such Retained Affiliates.

d. **Protocol Organization.** Paragraph 2 provides for certain disclosures relating to Immediate Indirect Connections. Paragraph 6 addresses what constitutes knowledge in connection with preparing retention application disclosures. Paragraph 8 discusses confidential treatment for Connections and IPL Parties in certain circumstances.

e. ***De Minimis* Exclusions.** Effective disclosure in large bankruptcy cases requires reasonable exclusion of *de minimis* connections and parties that should not qualify as IPL Parties (e.g., small creditor, vendor, customer exclusions, and investments falling below a threshold), as described on Exhibit “A.” Section 101(14)(c)’s reference to “material” supports excluding *de minimis* connections. For instance, a Proposed Professional may determine that an equity investment in an IPL Party of less than 1% of the outstanding equity or debt (with a value the Proposed Professional determines to be *de minimis*) need not be disclosed. Each IPL and each Proposed Professional’s retention application that excludes *de minimis* parties or connections should state the criteria, based on the facts and circumstances of the case (commonly, a dollar and/or percentage amount) applied to make such exclusions from disclosure.

f. **Disclosure under this Protocol.** Subject to *de minimis* exclusions as set forth herein, this Protocol recommends:

(i) A Proposed Professional (including Retained Affiliates) should disclose all known Direct Connections, and also disclose all Indirect Connections known to its Unretained Affiliates (including AMAs) and reported to it. Except as otherwise provided in this Protocol (including in Paragraph 8 regarding confidentiality), disclosed Connections should be identified by name and adequately described.

(ii) A Proposed Professional should obtain knowledge of Connections through its new matter intake process, by computer database searches, questionnaires and otherwise as described in this Protocol.

(iii) A Proposed Professional should disclose whether it has any AMAs, and if it does, it should describe such AMAs’ classification by Type as provided for in this Protocol, including (as applicable) such AMAs’: (A) Information Barriers; (B) Related Investors; (C) practices regarding direct investments in Named Issuers and/or through Third-Party Managed Investments; (D) Independent Personnel and Management; and (E) Regulatory Oversight and/or Other Regulatory Oversight.

(iv) A Proposed Professional that does not qualify as a Type 1 Financial Organization or have a Type 1 AMA, and does have one or more Type 2, 3 and/or 4 AMAs, should provide the IPL to such Type 2, 3 and/or 4 AMAs and request the AMAs to report Indirect Connections to the Proposed Professional as provided in this Protocol (including enhanced disclosure for Type 3 and 4 AMAs).

2. Indirect Connections

a. **Requirement of Disclosure.** Immediate Indirect Connections should be disclosed, as bearing upon whether the Proposed Professional “holds or represents an interest adverse to the debtor,” including Immediate Indirect Connections of: (i) Unretained Affiliates (as disclosed pursuant to an applicable questionnaire process), and (ii) Type 2, 3 and 4 AMAs (as disclosed in response to the distribution of the IPL), all as discussed below.

b. **Remote Indirect Connection.** The Survey reflects that Remote Indirect Connections are not generally disclosed, likely because Proposed Professionals have no knowledge of them. This Protocol recommends disclosure of a Remote Indirect Connection (other than a *de minimis* connection) only if the Proposed Professional has knowledge thereof. A

Proposed Professional's retention application should disclose the potential existence of unknown Remote Indirect Connections with IPL Parties. A Proposed Professional is not required to conduct procedures other than those set forth in this Protocol to identify Remote Indirect Connections.

3. Indirect Connections through Asset Management Affiliates

a. **AMA Disclosure.** When a Proposed Professional (including, without limitation, a law, accounting, financial advisory or investment banking firm) has an Unretained Affiliate that is an AMA, additional disclosure may be required to explain the AMA's Connections and their impact, if any, on the Proposed Professional's disinterestedness. That additional disclosure should also describe whether the AMA accepts funds from third parties or Related Investors, and whether the AMA makes direct investments in the debt or equity securities (i.e., buys or sells short, long, option or other positions) of Named Issuers or holds investments in Named Issuers through Third-Party Managed Investments, or both. Based on the Survey, many Proposed Professionals do not identify such AMAs individually by name, but rather identify them descriptively and generically. This Protocol does not intend to change that practice. The description of such AMAs should categorize them by reference to the applicable "Types" described below. Most Proposed Professionals (in common with most employers) maintain 401(k) programs and support various other pension and/or other retirement account programs for their employees' benefit as Third-Party Managed Investments and without using an AMA; such arrangements do not trigger any requirement for analysis as an AMA under this Protocol.

b. **Material Non-Public Information; Regulation and Oversight.** Proposed Professionals, Estate Professionals and their respective AMAs frequently possess MNPI and often implement Information Barriers to address this. These entities may also be subject to regulation and oversight, including Securities Registration and/or Regulatory Oversight.

c. **AMA Classification.** This Protocol identifies four Types of AMAs (Types 1, 2, 3 and 4) and proposes corresponding disclosure requirements for each Type. If a Proposed Professional believes its AMA has characteristics of more than one Type, its retention application should discuss these characteristics and include disclosure applicable to the higher numbered Type (e.g., an AMA with characteristics of both a Type 3 and Type 4 AMA should make the disclosure required for a Type 4 AMA). If a Proposed Professional believes its AMA should be classified differently from these Types, its retention application should discuss this and include disclosure most appropriate to such AMA.

d. **Change in AMA Type.** An AMA's classification can change over time. For example: a Type 4 can qualify as a Type 3 by implementing Information Barriers and becoming subject to Regulatory Oversight or Other Regulatory Oversight; a Type 3 can qualify as a Type 2 by becoming subject to Securities Registration (and, if applicable, Regulatory Oversight rather than Other Regulatory Oversight) and holding investments in Named Issuers only as Third-Party Managed Investments; and a Type 2 can become a Type 1 by implementing Independent Personnel and Management. With respect to each bankruptcy case in which a Proposed Professional files a retention application, however, the Proposed Professional should classify its AMA(s) (as a Type 1, 2, 3 or 4) based on the AMA's characteristics when the Proposed Professional files its initial retention application in such case, and this classification should remain in effect throughout the course of such case (i.e., the same classification should apply to

an Estate Professional's updated retention application disclosures). Accordingly, the same AMA of a Proposed Professional may be classified differently in different bankruptcy cases, based on its characteristics at the time that the Proposed Professional files its initial retention application in the different bankruptcy cases.

4. Disclosures Relating to Type 1 Financial Organizations and Type 1 AMAs

a. **Present Type 1 Financial Organization and Type 1 AMA Disclosure.** The Survey indicates that a retention application for a Proposed Professional qualifying as a Type 1 Financial Organization or having an AMA that this Protocol categorizes as a Type 1 AMA commonly discloses only Direct Connections known to the Proposed Professional Personnel because its Information Barriers, Securities Registration and Regulatory Oversight fully protect MNPI, and insulate the Proposed Professional Personnel from any effects that MNPI could potentially create with respect to the Proposed Professional's disinterestedness. Such Proposed Professional Personnel generally have no knowledge of (and therefore the Proposed Professional does not disclose) debt or equity investments in IPL Parties because of the effectiveness of the Information Barriers applicable to communication and misuse of MNPI and insulating Proposed Professional Personnel from participation in or knowledge of investment decisions.

b. **Proposed Type 1 Financial Organization and Type I AMA Disclosure.** This Protocol proposes that the disclosures of Connections in a retention application of a Proposed Professional qualifying as a Type 1 Financial Organization or having a Type 1 AMA may properly be limited to identifying the names (subject to confidentiality considerations) of Direct Connections (other than *de minimis* connections) known to such Proposed Professional in reliance on the presumed effectiveness of Information Barriers. Such named entities should ordinarily be described as "a current or former client, but with respect to matters unrelated to the Debtor," absent facts or circumstances that require enhanced disclosure. Bankruptcy Courts have consistently approved retention applications based upon such disclosures.

5. Disclosures relating to Type 2, 3 and 4 AMAs

a. **Present Type 2, 3 and 4 AMA Disclosure.** The Survey indicates that retention applications for a Proposed Professional with an AMA that this Protocol categorizes as a Type 2, 3, or 4 AMA include increased disclosures because: (i) such a firm accepts most or all of its investments from Related Investors; (ii) a Type 3 AMA may be subject only to Other Regulatory Oversight (and may not be subject to any Securities Registration); (iii) a Type 4 AMA may not be subject to regulatory examinations or Securities Registration at all; and (iv) a Type 3 or 4 AMA may make direct investments in Named Issuers, rather than investing exclusively through Third-Party Managed Investments.

b. **Considerations for Type 2 AMA Disclosures.** A Proposed Professional with an AMA that this Protocol categorizes as a Type 2 AMA could credibly contend that its disclosure obligations in respect of its Type 2 AMA should be the same as the disclosure obligations in respect of Type 1 AMAs because its Type 2 AMA protects MNPI by means of the same Information Barriers enforced by the same Securities Registration and Regulatory Oversight as those that apply to Type 1 AMAs. In addition, a Type 2 AMA refrains from direct investments in Named Issuers, and a Type 1 AMA may make direct investments in Named Issuers. Nonetheless, this Protocol recommends increased disclosure by a Proposed Professional with a Type 2 AMA in order to advance the purposes of (i) protecting public confidence in the integrity

of the restructuring process, and (ii) ensuring an absence of self-dealing because a Type 2 AMA obtains most or all of its funds under management from Related Investors and may be managed and controlled by active professional personnel that also manage and control the related Proposed Professional (rather than utilizing Independent Personnel and Management).

c. **Proposed Type 2 AMA Disclosure.** A retention application for a Proposed Professional (other than a Type 1 Financial Organization) with a Type 2 AMA should disclose known (i) Direct Connections of the Proposed Professional, and (ii) Immediate Indirect Connections of its Type 2 AMA, in each case other than *de minimis* connections. Disclosure of known Immediate Indirect Connections (other than *de minimis* connections) of a Type 2 AMA will consist of identifying the IPL Parties, if any, to which the Type 2 AMA has Immediate Indirect Connections, if and as reported by the Type 2 AMA to its related Proposed Professional. A Proposed Professional with a Type 2 AMA should provide the IPL to its Type 2 AMA, and request its Type 2 AMA to inform it of known Immediate Indirect Connections (other than *de minimis* connections) to IPL Parties for potential disclosure in the Proposed Professional's retention application pursuant to this Protocol, including Paragraph 6, below, regarding knowledge.

d. **Proposed Type 3 AMA Disclosure.** A retention application for a Proposed Professional (other than a Type 1 Financial Organization) with a Type 3 AMA should contain enhanced disclosure that reflects (i) such AMA's Regulatory Oversight or Other Regulatory Oversight, as applicable; and (ii) the extent of any Securities Registration applicable to such AMA. Such retention application disclosure should also address how, if at all, these characteristics of its AMA could cause any potential impairment to the Proposed Professional's perceived or actual disinterestedness. Because Type 3 AMAs may make direct investments in Named Issuers, the disclosures required from such a Proposed Professional with a Type 3 AMA should disclose known Indirect Connections (other than *de minimis* connections) between the Type 3 AMA and IPL Parties including those arising from any such direct investments in Named Issuers that appear in the IPL, in each case as reported by the Type 3 AMA to its related Proposed Professional.

e. **Proposed Type 4 AMA Disclosure.** A retention application for a Proposed Professional (other than a Type 1 Financial Organization) with a Type 4 AMA should contain enhanced disclosure that sets forth the Securities Registration, Regulatory Oversight and/or Other Regulatory Oversight (or lack thereof) applicable to the Proposed Professional. Such retention application disclosure should also address how, if at all, these characteristics of its AMA could cause any potential impairment to the Proposed Professional's perceived or actual disinterestedness. If the applicable Type 4 AMA makes direct investments in Named Issuers, the disclosures required from such a Proposed Professional with such Type 4 AMA should disclose known Indirect Connections (other than *de minimis* connections) between the Type 4 AMA and IPL Parties, including those arising from any such direct investments in Named Issuers that appear in the IPL, in each case if and as reported by the Type 4 AMA to its related Proposed Professional. The disclosures required in a retention application of a Proposed Professional with a Type 4 AMA should be informed by the disclosure provided with respect to other categories of AMAs and supplemented as appropriate based on the facts and circumstances applicable to the particular AMA and bankruptcy case.

6. Disclosure Based on Actual Knowledge

The disclosure obligations of a Proposed Professional under this Protocol derive from the Proposed Professional's knowledge of Connections (other than *de minimis* connections), including the knowledge of Connections of a Proposed Professional's AMAs (if any) which the AMA may report to the Proposed Professional. In the case of Type 2, 3 and 4 AMAs with only Third-Party Managed Investments, disclosure of investments in Named Issuers included in the IPL Parties that such managers may make from time to time would be impractical because of, *inter alia*, the frequency of trading in such positions, and the AMA's limited knowledge thereof (if any). To be sure, Proposed Professionals cannot disclose unknown Connections, and this Protocol does not suggest that they do so. Instead, this Protocol provides procedures to obtain such knowledge. For purposes of this Protocol, a Proposed Professional's knowledge of Connections means actual knowledge derived from its new matter intake process and the results of the Proposed Professional's: (a) computer client database check (as described in Paragraph 7, below); (b) any applicable inquiry of its professional personnel (and Unretained Affiliates other than AMAs) by a questionnaire process or otherwise (also as described in Paragraph 7, below); (c) review of the report it receives of its AMA's (if applicable) check for conflicts and Connections (or any other applicable) process; and (d) review of any other process for its Unretained Affiliates (if any, and other than an AMA). All references to "knowledge" in this Protocol refer to actual knowledge. As discussed in Paragraph 7(e), below, if a Proposed Professional limits its retention application disclosure to the knowledge of Proposed Professional Personnel, that limitation should be disclosed in the retention application. A retention application of a Proposed Professional with knowledge of Direct Connections or Indirect Connections with IPL Parties (other than *de minimis* connections), should disclose all such Connections. In addition, if a Proposed Professional has knowledge of a Connection (other than a *de minimis* connection) with a person not included in the IPL, such Connection should be disclosed.

7. Determination of Whether a Connection Exists

Proposed Professionals should obtain knowledge of whether Connections exist generally by following the procedures discussed below, subject to adaptations to disclose particular circumstances affecting a particular Proposed Professional and bankruptcy case. Each retention application for a Proposed Professional should describe the process and procedures it utilized to obtain knowledge of Connections.

a. **Interested Party List.** Subject to Paragraph 6 of this Protocol regarding knowledge, Proposed Professionals can reasonably and in good faith rely on the list of IPL Parties, consistent with the description and template attached as Exhibit "A," prepared (and periodically updated, with information derived from the debtor's bankruptcy schedules and otherwise, as described in Exhibit "A" and in Paragraph 10, below) by the debtor.

b. **Process to Check for Conflicts and Connections.** Every Proposed Professional should perform (in connection with its other new matter intake procedures) a process to check such Proposed Professional's client databases for conflicts and Connections with IPL Parties. A Proposed Professional should utilize a process designed to identify Connections adequately in the context of the size and organizational complexity of the Proposed Professional. For entities

with a significant number of professionals, this process often utilizes computer software.¹ For Proposed Professionals with a large number of professionals, this Protocol recommends deployment of adequate software within a reasonable time. Pending such deployment, a Proposed Professional may retain an independent third party to assess the adequacy of the alternative procedures the Proposed Professional uses to identify and appropriately disclose Connections.

A Proposed Professional (other than a Type 1 Financial Organization or a Proposed Professional with Type 1 AMAs) should distribute the IPL to its Type 2, 3 and 4 AMAs, request them to report any Connections (other than *de minimis* connections) to the Proposed Professional, and disclose in its retention application all Connections so reported. In addition, a Proposed Professional should distribute the IPL to its Proposed Professional Personnel, request them to report any Connections (other than *de minimis* connections) to the Proposed Professional, and disclose in its retention application all Connections so reported.

c. **Questionnaires.** A Proposed Professional should disclose in its retention application the results from written inquiries of the Proposed Professional's professional personnel (as distinguished from staff, support or administrative personnel), and (to the extent, if any, appropriate) Unretained Affiliates (if any) controlled by the Proposed Professional regarding: (i) their known equity or debt investments in the debtor (e.g., excluding Third-Party Managed Investments); and (ii) other connections or relationships with the debtor (other than the Proposed Professional's proposed engagement), the Bankruptcy Court judges, or United States Trustee personnel. Exhibit "B" to this Protocol presents a sample questionnaire. Particularly for Proposed Professionals organized in complex global structures, Exhibit "B" may require substantial modification, or a different (or even no) approach to seeking this information from certain of its professional employees and affiliates may be appropriate.

d. **AMA's Report.** A Proposed Professional should set forth in its retention application the results reported to the Proposed Professional from its AMA's (if applicable) search with respect to IPL Parties (including any alternative processes or rationale for omission thereof).

e. **Type 1 Financial Organizations and Type 1 AMAs.** As discussed above, Type 1 Financial Organizations and Type 1 AMAs are subject to Information Barriers that not only protect against misuse of MNPI but also insulate Proposed Professional Personnel from participation in or knowledge concerning investment decisions. Accordingly, it may be appropriate for such Proposed Professionals to obtain knowledge of Connections from their new matter intake procedures and computer client database reviews and base their disclosures on the knowledge of their Proposed Professional Personnel derived therefrom, without using questionnaires (other than directed to its Proposed Professional Personnel) or other procedures.

8. Confidentiality Considerations

If a Connection (or the identity of an IPL Party) that should be disclosed under this Protocol is subject to confidentiality considerations and the Proposed Professional seeks not to disclose the Connection or the name of the IPL Party, the following steps should be taken:

¹ Law firms generally use proprietary software licensed from vendors, while financial advisory firms more typically develop such software themselves or through third-party consultants.

a. **Description in IPL.** The Connection (or IPL Party) should be described (but not identified) in sufficient detail to permit informed decisions concerning the Proposed Professional's "disinterestedness" (as defined in Section 101 (14));

b. **Identity Filed Under Seal.** The party seeking to preserve confidentiality with respect to IPL Parties or Connections may file a motion for leave to file the identity of the confidential party under seal under Rule 9018, Federal Rules of Bankruptcy Procedure, on notice to the Office of the U.S. Trustee, the Debtor, any official committee, the holders of the 20 largest claims against the Debtor, any party that has requested notice pursuant to Rule 2002, Federal Rules of Bankruptcy Procedure, any applicable local rule, and all other parties entitled to notice of motions of this type under orders of the Bankruptcy Court in the Debtor's bankruptcy case. If the Bankruptcy Court enters an order granting such relief, in whole or in part, the party obtaining such relief should proceed in accordance therewith; and

c. **Access to Sealed Information.** Subject to the provisions of any particular Bankruptcy Court's sealing order, any party in interest, including the United States Trustee, may ask the Bankruptcy Court for permission to review (or for their counsel to review) the sealed information, and the party seeking access to the information bears the burden of proof regarding such request. The Bankruptcy Court order granting such access may protect the information's continuing confidentiality. *See, e.g.,* Order Authorizing Evercore Group L.L.C. To File Under Seal Certain Confidential Information Related to Evercore's Retention Application, *In re: Jones Energy, Inc., et al.*, Case No. 19-32112 (Bankr. S. D. Tex.), ECF No.210.

9. Look-back Period and Diligence

a. **Time Period.** A Proposed Professional should disclose Connections during the three years preceding the commencement of the bankruptcy case unless the circumstances reasonably warrant a longer period. For example, if a Proposed Professional represented a party in interest in a leveraged buy-out of the debtor eight years before the petition date, the Connection should be disclosed. Conversely, if a Proposed Professional represented a creditor of the debtor in a matter unrelated to the debtor four years before the petition date, no disclosure of that connection should be required.

b. **Additional Processes.** A Proposed Professional (and AMAs and other Unretained Affiliates) may, but should not be required to, conduct a process or procedure to identify Connections in addition to those set forth in this Protocol.

10. Updates

A Proposed Professional, once retained, has ongoing disclosure obligations. The debtor has the continuing obligation to update the IPL. This Protocol recommends that a debtor update, file and serve the IPL in a manner that clearly identifies changes thereto from prior versions no less frequently than every 90 days, including in connection with the filing of the debtor's schedules and statements, the passage of the claims bar date, the commencement of adversary proceedings, and filings under Bankruptcy Rule 2019 or by prospective purchasers of the debtor's assets. Estate Professionals should supplement their Rule 2014 disclosures, to the extent necessary as a result of updated IPLs and other developments in the bankruptcy case, including by reason of newly discovered or inadvertently omitted Connections. Without limiting Estate Professionals' obligations relating to prompt disclosure of known Connections, Estate

Professionals may maintain continuing compliance with their supplemental disclosure obligations under Rule 2014 by updating their disclosures in accordance with this Protocol within a reasonable time after the debtor's filing of updated IPLs, to the extent required as a result thereof.

EXHIBIT A TO HOUSTON DISCLOSURE PROTOCOL³

³ Defined terms used and not otherwise defined in this Exhibit have the meanings ascribed to them in the Protocol.

GUIDELINES AND TEMPLATE FOR INTERESTED PARTY LIST

“Interested Parties List” or “IPL” means a list of people and entities, grouped into categories of their Connections, identified by name, and prepared to assist Proposed Professionals in complying with disclosure obligations under Rule 2014. The debtor, with the assistance of its outside restructuring counsel, should compile the initial IPL as part of due diligence leading up to the bankruptcy filing. An IPL categorizes each IPL Party in accordance with the nature of the Connection it has with the debtor, parties associated with the debtor (e.g., current directors, executive officers and debt and equity holders), and other IPL Parties (e.g., vendors, customers, contract, lease and litigation counterparties). Proposed Professionals rely on the IPL to provide the names of parties to review for possible Connections. In bankruptcy cases involving issuers of public debt or equity securities, it may be most efficient to construct the IPL using commercially available databases that offer exact legal names of entities and their affiliates.

An IPL may be both broader and narrower than the persons or entities the debtor lists in schedules and statements of financial affairs. An IPL (and updates to it as provided for in the Protocol) should include, without limitation, members of official committees, proposed purchasers of the debtor’s assets, and other Estate Professionals, none of which may appear in the debtor’s schedules and statements. An IPL may exclude *de minimis* potential IPL Parties that the debtor’s schedules and statements will include. Particularly in larger cases, the debtor’s schedules and statements may not be available before a Proposed Professional files its retention application. Accordingly, an IPL that the debtor makes available may form the best source of this information available to a Proposed Professional filing its retention application early in the bankruptcy case.

As set forth in the Protocol, a debtor should change and update the IPL during the course of a bankruptcy case, at intervals no less than 90 days, to reflect changing facts and circumstances in the case, including new developments, as well as to cure inadvertent omissions. Updates should reflect, among other things, the matters, events and circumstances addressed in the template provided below.

EXHIBIT "A"

IPL TEMPLATE

In its initial compilation of the IPL, the debtor should consider including the following categories of parties with Connections, as applicable:

- Debtor(s)
- Debtor affiliates and subsidiaries
- Current and former officers and directors (within the last 3 years)
- Affiliates of current and former officers and directors
- Significant equity holders (more than 5%)
- Prepetition lenders / noteholders
- Prepetition Indenture trustees / agents
- Initial DIP lenders
- U.S. Bankruptcy Court Judges serving in the District (as updated, only the Bankruptcy Judge presiding over the bankruptcy case will remain an IPL Party)
- U.S. District Court Judges for the applicable district
- U.S. Trustee (for the applicable region) and Staff Attorneys and Trial Attorneys in the District in which the case is filed
- Top 50 unsecured creditors
- Identified bankruptcy professionals
- Ordinary course professionals
- Contract counter-parties (other than *de minimis*)
- Vendors / suppliers (other than *de minimis*)
- Customers (other than *de minimis*)
- Competitors (other than *de minimis*)
- Landlords and lease counter-parties (other than *de minimis*)
- Licensees and licensors (including under intellectual property rights) (other than *de minimis*)
- Utility companies (other than *de minimis*)
- Litigation counter-parties (other than *de minimis*)
- Regulatory agencies / governmental bodies
- Taxing authorities (other than *de minimis*)
- Labor unions
- Depository banks (other than *de minimis*)
- L/C issuers
- Lien claimants
- Insurance providers and agents
- Surety bonds and surety providers
- Other IPL Parties significant to the bankruptcy case, and not included above.

The parameters for excluding *de minimis* parties from the IPL depend on the facts and circumstances of each particular bankruptcy case. In each category appropriate for *de minimis* exclusions, the debtor should consider a practical *de minimis* limitation so that category will contain only IPL Parties that bear on a Proposed Professional's disinterestedness. The IPL should

disclose the dollar amount, percentage amount or other criteria (e.g., limiting equity holders to thresholds based on value and percentage interest) chosen for *de minimis* exclusions in each applicable category.

Updates

As set forth in the Protocol, the IPL is a dynamic document, and a debtor should change and update the IPL during the course of a bankruptcy case. The debtor should update the IPL no less frequently than every 90 days to reflect changing facts and circumstances, new developments, and information learned during the bankruptcy case, as well as to cure inadvertent omissions. After the filing of the bankruptcy case, the IPL should be updated to include additional IPL Parties identified in:

- The debtor's schedules and statements (including any amendments)
- Proofs of Claim
- Notices of appearance
- Adversary proceedings and other motions or applications
- Filings by prospective purchasers of debtor's assets, plan proponents and under Bankruptcy Rule 2019
- Appointments of official committees and retention of Estate Professionals

Exhibit B
Form of Questionnaire

Urgent Request for Information

THIS IS AN URGENT REQUEST FOR INFORMATION THAT REQUIRES YOUR IMMEDIATE ATTENTION AND RESPONSE IF YOU HAVE ANY INFORMATION TO REPORT OR MATTERS TO DISCLOSE. YOUR FAILURE TIMELY TO RESPOND WILL CONSTITUTE YOUR AFFIRMATION THAT YOU HAVE NO INFORMATION TO REPORT OR MATTERS TO DISCLOSE. IF YOU WOULD SELECT OPTION #1 TO EACH OF THE THREE QUESTIONS BELOW, YOU NEED NOT RESPOND TO THIS QUESTIONNAIRE. THANK YOU IN ADVANCE FOR YOUR PROMPT ASSISTANCE.

(Name of Proposed Professional) represents (or is applying for Bankruptcy Court authorization to represent) **(name of entity)** and its affiliates listed below (collectively, the “**Debtors**”) or (the Official Committee of Unsecured Creditors) (or other applicable official committee or party; as the case may be, the “Client”)) in their (recently filed) (contemplated) chapter 11 bankruptcy cases in the United States Bankruptcy Court for the _____ District of _____.

As an advisor to the Client, there are several types of disclosures that we must make in order for the Bankruptcy Court to approve retention of our firm. Most of the information required to be disclosed can be obtained from the databases and conflicts records our firm maintains. That process is underway. A limited amount of information, however, may most efficiently be obtained directly from professionals employed by our firm and affiliates of our firm who receive this Questionnaire (collectively, the “Questionnaire Recipients”). This request relates to the second type of material listed above, which is why you are being contacted. The specific disclosures that we are required to make are listed below.

First, we must disclose to the Bankruptcy Court presiding over the Debtors' cases any holdings by the Questionnaire Recipients in either the debt or equity securities of the Debtors (e.g., excluding any investments, whether held through mutual funds or other investment vehicles, that are managed by third parties with delegated investment authority and discretion; “Third-Party Managed Investments”), as well as the existence of any other claims against the Debtors held by any Questionnaire Recipient.

Second, we must disclose to the Bankruptcy Court whether any Questionnaire Recipient has any connections to the United State Trustee or any person employed in the Office of the United States Trustee for the _____ District of _____.

Third, we must disclose to the Bankruptcy Court whether any Questionnaire Recipient has any connections to any of the Bankruptcy Judges for the _____ District of _____.

Please respond to this email no later than [, 20] at noon EST:

1. Debt or Equity Securities, or Other Claims Against the Debtors.

Please indicate by replying to this email whether you, on or after [90 days prior to the date of this questionnaire] have owned or held a beneficial interest in any debt or equity securities (other than Third Party Managed Investments) of, or claims against, any of the Debtors. **To reply, review the options listed below and (electronically check the appropriate box) (select the appropriate button at the top of this message).**

Option #1 -- I have not held and do not hold debt or equity securities of, or other claims against, any of the Debtors.

Option #2 -- I have held but no longer hold debt or equity securities (other than Third-Party Managed Investments) of, or other claims against, any of the Debtors.

Option #3 -- I currently hold debt or equity securities (other than Third-Party Managed Investments) of, or other claims against, one or more of the Debtors. (If selecting this option, please describe in your reply the type of debt or equity securities that you hold, the name of the issuer, and/or the nature of any claim that you may hold or assert. To do this, select "Edit the response before sending" option to enter your comments.)

2. Connections to the United States Trustee or any Person Employed by the Office of the United States Trustee for the _____ District of _____.

The names of the United States Trustee and employees in the office of the United States Trustee for the _____ District of _____ are listed below.

To reply, review the options listed below and (electronically check the appropriate box) or (select the appropriate button at the top of this message).

Option #1 - I have no connections to the United States Trustee or to anyone employed in the office of the United States trustee for the _____ District of _____

Option #2 - I have the following connections to the United States trustee or to someone employed in the office of the United States Trustee for the _____ District of _____. (If selecting this option, please describe in your reply the connections that you have to the United States Trustee or to anyone employed in the office of the United States

Trustee for the _____ District of _____. To do this, select "Edit the response before sending" option to enter your comments.)

3. **Connections to any Bankruptcy Judges in the _____ District of _____.** The names of the Bankruptcy Judges in the _____ District of _____ are listed below.

To reply, review the options listed below and (electronically check the appropriate box) or (select the appropriate button at the top of this message).

Option #1 - I have no connections to any of the Bankruptcy Judges for the _____ District of _____.

Option #2 - I have the following connections to a Bankruptcy Judge for the _____ District of _____ (If selecting this option, please describe in your reply the connections that you have to a Bankruptcy Judge for the _____ District of _____). To do this, select "Edit the response before sending" to enter your comments).

(Insert "Edit Response Before Sending" option at appropriate point to facilitate electronic response)
